Governor Gray Davis
State Capitol
Sacramento, Ca. 95814

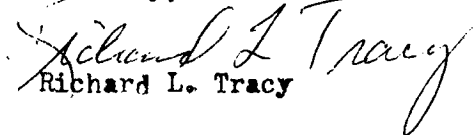

Dear Governor Davis,

I hope you will support the recommendations of the Cal-Fed/ Delta
Program to protect our water resources.

We have done enormous damage in the past to this natural inheritance.
At the very least, we can halt further degradation and try to improve
what is left.

Thank you very much for your consideration of my viewpoint.

Sincerely,

Richard L. Tracy
